

I'm a romanian web developer studying while finishing school,

I always liked technology and art since i was a child, this lead me to my actual passion.

Currently I'm living in Italy

Zoom in cittadella on the map

- My Works Binary converter little animation for the numbers 89 --> 01.. Animation for each list enter To do list Stop watch Number increase animation 0:00:00

> I'm always searching for new projects. Are you interested? Let's falk.

Animation that pop ups social network icons
